NO

YES, please explain: _____

Initial

I understand and agree to the following:

Lakeshore Animal Clinic staff members take every precaution to protect the health of their boarding guests. The requirements to board at Lakeshore Animal Clinic are strict to reduce the spread of illness or contagious disease. Your pets' care will be under the direct supervision of a doctor. Occasionally things happen while boarding and it is imperative that you are prepared to answer our call as quickly as possible. Noncritical issues have more decision-making time where critical decisions will need to be made immediately. Our policy is to always continue life-saving measures until we hear otherwise from you or your emergency contact.

Initial

Required Notice and Consent per Texas Health and Safety Code, Section 1, Title 10, Chapter 824:

Lakeshore Animal Clinic does not have employees present on site except during business hours which are Monday through Friday 8AM to 5:30PM and Saturdays 8AM to noon. Your pet will be left unattended without an employee present during all other hours, closings for holidays and the occasional situation where the clinic must close due to weather or staffing issues. The staff will come and go on days we are closed to feed and care for your pet. This facility does not have a fire protection sprinkler system.

Initial

Disease and Internal/External Parasite Transmission: There is always a risk of disease and parasite transmission involved in boarding situations. Boarding may expose your pet to illnesses and/or parasites. An example of this, but not limited to, may be respiratory infections, fleas, ticks, or intestinal parasites. Lakeshore cannot guarantee your pet will not be affected. Lakeshore will not be held liable, and any treatment of an illness or internal/external parasites will be **at the pet owner's expense.**

If needed, your pet will be treated for fleas and ticks **at the pet owner's expense.**

If needed, your pet will be treated for diarrhea by performing a fecal examination and administering appropriate medications **at the pet owner's expense.** (Price depends on your pet's size and treatment needed.)

Initial

Illness/Emergencies - Order of Events:

- a.) Should your pet become ill while boarding, we will attempt to contact you at the numbers provided for your direction, decisions, and approval of treatments.
- b.) If Lakeshore staff are not able to reach you in a reasonable time for the situation, we will treat your pet for their health benefit **at the pet owner's expense.** This includes, but is not limited to, exams, diagnostic testing/procedures, and any treatments/medications needed.
- c.) Lakeshore does not have overnight staff. In the event of an emergency where our doctors believe your pet needs to be transported to the ER for overnight/weekend observation/care/treatments, we will first attempt to contact you. If we do not receive an immediate response, we will attempt to contact your emergency contact person listed above. They will be asked to come get your pet and transport to an emergency room for overnight/weekend care and make all financial/medical decisions on your behalf. If we have not received a timely response from either you or your emergency contact, please indicate which direction you approve:

Initial

- Yes, Lakeshore can transport my pet to the ER for continued care/treatments. **I am responsible for getting my financial information to my emergency contact or the ER. I understand that I will be responsible for payment of all charges with Lakeshore and the ER, that the doctors deem necessary regardless of my pet's outcome.**
- No, Lakeshore can **NOT** transport my pet to the ER for continued care/treatments. **I understand this will result in my pet remaining at Lakeshore where they will not be supervised/observed and treated overnight. I understand Lakeshore will make my pet as comfortable as possible, but my pet may further decline, and I understand that death is a possible outcome. I understand I am responsible for all charges.**
